- Social Work

SPEAKER
Leah Killian-Smith
Pathway Health, Inc.

Leah Killian-Smith, has 25+ years of expertise includes leadership positions in several different long-term care settings. Ms. Killian-Smith has experience with coding compliance and billing systems, MDS 3.0 training nationwide, re-imbursement, interim management, health care systems design, policy/ procedure development, re-hospitalization reduction training, and the creation and implementation of performance improvement plans to ensure successful operations.

PROGRAM
This one-day interactive class will help prepare your organization for implementation of the PDPM classification system for Medicare Part A payments that become effective October 1, 2019. The new payment classification system has implications for clinical operations, including, pre-admission screening, IDT documentation and may influence the types of residents that your organization will admit.

OBJECTIVES
1. Review the PDPM classification system so that you know how it differs from the RUG-IV Medicare payment system.
2. Understand the role of the IDT by following an admission through the interdepartmental process so you know what will be expected of you as a member of that team.
3. Describe how clinical documentation systems support PDPM classification and assist your organization in capturing accurate reimbursement for services provided.
4. Learn through case studies, how altering a component of the PDPM classification changes the per diem payment.
5. Identify actionable items to bring back to your organization that will make for a smoother implementation process, so you are ready before the October 1st deadline.

AGENDA
8:30 AM  Scan-in / Breakfast
9:30 - 10:15 AM
- Review of PPS Final Rule
10:15 - 10:30 AM  Break
